

5-Year Plan (2014 to 2019) FOSTER CREEK Conservation District

For More Information Contact: Jonathan Merz at (509) 888-6372 or jmerz@fostercreekcd.org

Organization of the FOSTER CREEK Conservation District

A political subdivision of the State of Washington – authorities, powers and structure contained in RCW 89.08.

The Foster Creek Conservation District (FCCD) is located in north central Washington and encompasses 622,520 acres in the northern-half of rural Douglas County. FCCD is a legal subdivision of WA state government. We are mandated by, RCW 89.08 to develop and administer voluntary, non-regulatory programs to conserve natural resources. WA's 45 Conservation Districts are the only locally-driven, conservation delivery systems that identify local problems and guide voluntary local solutions.

Function of the FOSTER CREEK Conservation District

To make available technical, financial and educational resources, whatever their source, and focus or coordinate them so that they meet the needs of the local land manager with conservation of soil, water and related natural resources.

We Serve & Why

We serve the citizens and land managers located within the FCCD Boundaries to ensure the long term use of natural resources in an economically, socially and environmentally sustainable manner using non-regulatory, voluntary approaches.

Mission of the FCCD

To protect natural resources; enhance sustainable, profitable agriculture; and improve the quality of life in Douglas County by:

- Encouraging good land stewardship through education, incentives, and quality technical assistance.
 - Protecting individual private property rights.
 - Building strong coalitions with other groups. Including, but not limited to, government assistance as a valid conservation partner to agriculture and by providing quality, intelligent, technical assistance to cooperators and partners.
-

Vision of the FCCD

The FCCD is recognized by all land managers as a source of financial, technical and educational assistance within the FCCD boundaries; and by local, state and federal authorities as the organization of choice to implement on-the-ground stewardship activities.

Values of the FCCD

- Integrity
 - Honesty
 - Stewardship for our resources
 - Sustainability – Meaning implementation of economically and environmentally sound and socially acceptable conservation practices
 - Fiscal and public responsibility
 - Local led, economically sustainable resource conservation
 - Voluntary/non-regulatory
 - Science-based solutions
 - Innovative approaches and new ideas
 - Providing education resources
-

Natural Resource Data & Information:

Winter 2012 Survey Results:

Criteria for Selecting Conservation Priorities:

Priorities are established by the District Board of Supervisors based on input from staff, partner agencies, landowners and others. The criteria used by the FCCD Board of Supervisors to select the priorities identified in this document include some or all of the following:

- Grass-roots conservation concerns brought forth by constituents.
- Natural resource data regarding local resource conditions.
- Local partner agency priorities.
- State defined resource priorities.
- Federally defined resource priorities.
- Survey outcomes.

Priority Natural Resource Conservation Needs & Geographic Areas, Measures of Success and Goals:

- **Soil Health**
 - **Support nutrient management efforts**
 - By 2016, conduct 3 educational outreach events on how to use soil testing and how to improve soil health that involves cover and rotational crops.
- **Water Quantity and Quality**
 - **Storm Water and Natural Resource Management**
 - By 2016, identify 2 areas in need of storm water and natural resource management monitoring and / or plans.
 - By 2016, identify 3 funding sources for storm water and natural resource management monitoring and / or plans.
 - **Riparian Restoration**
 - By 2018, 3 landowners will implement restoration practices to improve water quality.
- **Habitat for Fish and Wildlife**
 - **Completion and implementation of the Douglas County Multi Species General Conservation Plan (GCP) including measures to retain the current base of land in conservation cover.**
 - By September 2014, meetings with key agencies will take place in order to complete the GCP, which involves 17 wildlife species and their habitats.
 - By September 2014, the Roles and Responsibilities of FCCD, the FCCD Board of Supervisors and GCP Administrators will be identified.
 - By September 2014, the organizational structure, equipment, funding, and staff needs of the GCP will be developed.
 - By September 2014, yearly and long-term funding for the implementation of the GCP will be secured.
 - By 2019, 10 agricultural operations will be participating in the GCP.
 - By 2014-2015, 4 workshops will be presented to facilitate the preservation of lands in conservation cover within the planned area and to reinvigorate local producer involvement in the GCP.
 - **Implementation of Invasive Species Control Program**
 - By July 2015, 20 site visits will be made resulting in improvement of water quality & habitat on approximately 20 properties within Douglas County.
 - By 2018, 5 workshops or field demonstrations involving over 100 cooperators regarding detection and eradication of invasive species will have been made available.
 - By 2018, 2 different funding sources for technical assistance will be identified.
 - By 2016, 3 water quality and quantity sample monitoring data will take place on Douglas Creek and along with 3 annual reports.

Information – Education & District Operations Priorities, Measures of Success, and Goals:

Information and Education

- **Increase awareness of conservation district mission, services, and natural resource conservation.**
 - By September 2014, develop educational outreach materials for the GCP and the FCCD.
 - Quarterly newsletter will be published four times per year, reaching 900 readers throughout the county. Its mission is to educate individuals regarding natural resources while enhancing sustainable, profitable agriculture.
 - By 2019, 2 more groups will participate in regional environmental education events.
 - Continue to put on annual meeting with South Douglas Conservation District. The goal of the annual meeting is to attract over seventy-five local residents. Issues that will be discussed range from well water sampling, GCP, biocontrol releases, watershed issues, along with Farm Bill Updates from NRCS and FSA.
 - Continue to develop a North Central Washington Fair Display. The goal of the fair display is to communicate to approximately 1,500 local stakeholders and elected officials the importance of on-the-ground conservation and how a collaborative effort is important to achieve the goals established by the district.
 - By 2015, redesign the FCCD website to be more user friendly and update on an on-going basis.
 - By 2018, complete 3 videos that will focus on dryland wheat farming and farmer to farmer communication in relation to climate change.
 - Continued to sponsor Wheat Week.

District Operations

- **Maintain and implement clear and actionable long range plan**
 - By 2018, 75% of grant applications are funded to implement the District long range plan.
- **Develop and implement a strategically diversified funding plan**
 - By 2018, 1/3 of funding will come from federal grants, 1/3 of funding will come from state, and 1/3 of funding will come from private/local.
- **Maintain the necessary facilities and equipment to effectively deliver the District programs**
 - By 2015, secure equipment that best meets current program needs and reflects conservation values.
- **Develop and Maintain loyal, well-trained, and engaged board and staff**
 - By 2017, have 3 engaged Associate Supervisors or cooperator volunteers that attend 50% of District Board meetings.
 - By 2017, develop training program for FCCD staff and supervisors.
- **Know FCCD cooperators and natural needs better**
 - By 2017, FCCD will routinely identify a key source of natural resource information and assistance.

Land Manager Needs

- Provide information and educational assistance on natural resource concerns.
- Provide assistance with new governmental conservation programs, focusing on gaps in federal, state, and local programs.
- Promote and assist with demonstration projects.
- Promote and assist with weed control/pest management.
- Outreach and education to cooperators (including orchardists) in the District.
- Provide education on Endangered Species farming / ranching practices and guidelines.

Milestones, Timeline & Actions

Priority: Soil Health

Measurable Goal: By 2016, conduct 3 educational outreach events on how to use soil testing and how to improve soil health that involves cover and rotational crop.

Milestones	Timeline	12 Month Actions
Work with key organizations to develop educational outreach activities.	July 2014 – June 2017	<ul style="list-style-type: none">Seek funding to implement soil health activities.Help conduct 3 educational workshops on soil health.Make direct contact attempts to landowners.
Work with key organizations to develop a resource information document for cooperators.	July 2014 – June 2017	<ul style="list-style-type: none">Seek funding to implement outreach activities.

Priority: Water Quantity and Quality

Measurable Goal: By 2016, identify 2 areas in need of storm water and natural resource management monitoring and / or plans

Milestones	Timeline	12 Month Actions
5 landowners/cooperators contact District for assistance.	July 2014 – June 2017	<ul style="list-style-type: none">Seek funding to implement Water Quantity and Quality activities.Conduct outreach activities using District and community resources.
5 landowners/cooperators request site visits.	July 2014 – June 2017	<ul style="list-style-type: none">Conduct site visit upon request and where funding is available.
3 landowners/cooperators receive TA for improvement.	July 2014 – June 2018	<ul style="list-style-type: none">Develop conservation plans upon request and where funding is available.

Priority: Water Quantity and Quality

Measurable Goal: By 2016, identify 3 funding sources for storm water and natural resource management monitoring and / or plans.

Milestones	Timeline	12 Month Actions
Work with key organizations to identify funding sources.	March 2014 – June 2018	<ul style="list-style-type: none">Seek funding to implement storm water drainage and natural resource management monitoring or plans.
Work with key organizations to develop a resource information document for cooperators.	July 2014 – June 2017	<ul style="list-style-type: none">Seek funding to implement outreach activities.

Priority: Water Quantity and Quality

Measurable Goal: By 2018, 3 landowners will implement restoration practices to improve water quality.

Milestones	Timeline	12 Month Actions
5 landowners/cooperators contact District for assistance.	July 2014 – June 2017	<ul style="list-style-type: none">Seek funding to implement Water Quantity and Quality activities.Conduct outreach activities using District and community resources.
5 landowners/cooperators request site visits.	July 2014 – June 2017	<ul style="list-style-type: none">Conduct site visit upon request and where funding is available.
3 landowners/cooperators receive TA for improvement.	March 2014 – June 2018	<ul style="list-style-type: none">Develop conservation plans upon request and where funding is available.

Priority: Habitat for Fish and Wildlife

Measurable Goal: By June 2015, meetings with key agencies will take place in order to complete the GCP, which involves 17 wildlife species and their habitats.

Milestones	Timeline	12 Month Actions
Meetings will take place with key agencies in order to complete the GCP.	July 2014– June 2015	<ul style="list-style-type: none">▪ Work with key organizations to develop and approve the GCP.▪ Conduct outreach activities using District and community resources.

Priority: Habitat for Fish and Wildlife

Measurable Goal: By September 2014, the Roles and Responsibilities of FCCD, the FCCD Board of Supervisors and the GCP Administrator will be identified.

Milestones	Timeline	12 Month Actions
Meetings will take place with FCCD Board of Supervisors to identify Roles and Responsibilities.	July 2014– September 2014	<ul style="list-style-type: none">▪ FCCD Board of Supervisors will identify the Roles and Responsibilities of FCCD, the FCCD Board of Supervisors and the GCP Administrator will be identified.

Priority: Habitat for Fish and Wildlife

Measurable Goal: By September 2014, the organizational structure, equipment, funding, and staff needs of the GCP will be developed.

Milestones	Timeline	12 Month Actions
The FCCD Board of Supervisors and staff will meet to develop an organizational structure, equipment, funding and staff needs of the GCP as outlined in the GCP.	July 2014– September 2014	<ul style="list-style-type: none">▪ FCCD Board of Supervisors will appoint a GCP Administrator.▪ FCCD Board of Supervisors and staff will develop an organizational structure, equipment, funding and staff needs of the GCP.▪ FCCD Board of Supervisors will identify the GCP and the IM/Monitoring Committees.▪ All MOU's as identified in the GCP will be in place.

Priority: Habitat for Fish and Wildlife

Measurable Goal: By October of each year, long-term funding for the implementation of the GCP will be identified.

Milestones	Timeline	12 Month Actions
FCCD will identify long-term funding for the GCP.	July 2014– September 2014	<ul style="list-style-type: none">▪ FCCD Board of Supervisors will identify long-term funding for GCP.

Priority: Habitat for Fish and Wildlife

Measurable Goal: By the end of 2015, 10 agricultural operations will be participating in the GCP.

Milestones	Timeline	12 Month Actions
20 landowners/cooperators contact District for assistance.	July 2014 – June 2017	<ul style="list-style-type: none">▪ Seek funding to implement Habitat for Fish & Wildlife activities.▪ Conduct outreach activities using District and community resources.
20 landowners/cooperators request site visits.	July 2014 – June 2017	<ul style="list-style-type: none">▪ Conduct site visit upon request and where funding is available.
10 landowners/cooperators receive TA for improvement.	March 2015 – June 2018	<ul style="list-style-type: none">▪ Develop conservation plans upon request and where funding is available.

Priority: Habitat for Fish and Wildlife

Measurable Goal: By 2015, at least 4 workshops will be presented to facilitate the preservation of lands in conservation cover within the planned area and to reinvigorate local producer involvement in the GCP.

Milestones	Timeline	12 Month Actions
Meet with key organizations to reinvigorate the local producer for the GCP.	July 2015 – June 2019	<ul style="list-style-type: none"> ▪ Seek funding to conduct outreach activities. ▪ Conduct outreach activities using District and community resources.

Priority: Habitat for Fish and Wildlife

Measurable Goal: By 2016, 20 site visits will be made resulting in improvement of water quality & habitat on approximately 10 properties within Douglas County.

Milestones	Timeline	12 Month Actions
20 landowners/cooperators contact District for assistance.	July 2014 – June 2018	<ul style="list-style-type: none"> ▪ Seek funding to implement Habitat for Fish & Wildlife activities. ▪ Conduct outreach activities using District and community resources.
20 landowners/cooperators request site visits.	July 2014 – June 2018	<ul style="list-style-type: none"> ▪ Conduct site visit upon request and where funding is available.
10 landowners/cooperators receive TA for improvement.	March 2015 – June 2018	<ul style="list-style-type: none"> ▪ Develop conservation plans upon request and where funding is available.

Priority: Habitat for Fish and Wildlife

Measurable Goal: By 2018, 5 workshops or field demonstrations involving over 100 cooperators regarding detection and eradication of invasive species will have been made available.

Milestones	Timeline	12 Month Actions
Work with key organizations to conduct outreach activities.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Seek funding for outreach activities. ▪ Conduct outreach activities using District and community resources.

Priority: Habitat for Fish and Wildlife

Measurable Goal: By 2018, 2 different funding sources for technical assistance will be identified.

Milestones	Timeline	12 Month Actions
Work with key organizations to help seek funding sources.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Identify two different funding sources.

Priority: Habitat for Fish and Wildlife

Measurable Goal: By 2016, three water quality and quantity sample monitoring data activities will take place on Douglas Creek and three annual reports will be produced.

Milestones	Timeline	12 Month Actions
Conduct water monitoring annually in Douglas Creek and develop annual report.	July 2014 – June 2016	<ul style="list-style-type: none"> ▪ Conduct water monitoring activities and develop annual report.

Priority: Information and Education

Measurable Goal: By September 2014, develop educational outreach materials for the GCP and the FCCD.

Milestones	Timeline	12 Month Actions
Develop outreach materials for GCP and FCCD.	July 2014 – June 2019	<ul style="list-style-type: none">▪ Seek funding to develop outreach materials for the GCP and FCCD.▪ Develop outreach materials for GCP and FCCD.

Priority: Information and Education

Measurable Goal: Quarterly newsletter will be published four times per year, reaching 900 readers throughout the county. Its mission is to educate individuals regarding natural resources while enhancing sustainable, profitable agriculture.

Milestones	Timeline	12 Month Actions
Implement quarterly newsletter	July 2014 – June 2019	Seek funding to implement quarterly newsletter.

Priority: Information and Education

Measurable Goal: By 2019, 2 more groups will participate in regional environmental education activities.

Milestones	Timeline	12 Month Actions
Communicate with local schools the importance of the regional Envirothon and how it relates to the ELARS.	July 2014 – June 2019	<ul style="list-style-type: none">▪ Seek funding to help support regional Envirothon.▪ Conduct outreach activities using District and community resources to promote regional Envirothon.

Priority: Information and Education

Measurable Goal: Continue to put on the annual meeting with South Douglas Conservation District. The goal of the annual meeting is to attract over seventy-five local residents. Issues that will be discussed range from well water sampling, GCP, biocontrol releases, watershed issues, along with Farm Bill Updates from NRCS and FSA.

Milestones	Timeline	12 Month Actions
Work with key organizations to help seek funding sources.	July 2014 – June 2019	<ul style="list-style-type: none">▪ Identify funding sources for annual meeting.
Work with key personnel to develop quest speakers at annual meeting.	July 2014 – June 2019	<ul style="list-style-type: none">▪ Work with key personnel to find guest speakers.
Conduct outreach activities to promote annual meeting.	July 2014 – June 2019	<ul style="list-style-type: none">▪ Conduct outreach activities using District and community resources.

Priority: Information and Education

Measurable Goal: Continue to develop a North Central Washington Fair Display. The goal of the fair display is to communicate to approximately 1,500 local stakeholders and elected officials the importance of on-the-ground conservation and how a collaborative effort is important to achieve the goals established by the district.

Milestones	Timeline	12 Month Actions
Work with key organizations to develop fair display at the annual Douglas County Fair.	July 2014 – June 2019	<ul style="list-style-type: none">▪ Seek funding to develop fair display.▪ Conduct outreach activities using District and community resources.

Priority: Information and Education

Measurable Goal: By 2015, redesign the FCCD website to be more user friendly and update on an on-going basis.

Milestones	Timeline	12 Month Actions
Work with personnel to develop a user friendly website.	July 2014 – December 2015	<ul style="list-style-type: none"> ▪ Seek funding to develop a user friendly website. ▪ Develop user friendly website.

Priority: Information and Education

Measurable Goal: By 2018, complete 3 videos that will focus on dryland wheat farming and farmer to farmer communication in relation to climate change.

Milestones	Timeline	12 Month Actions
FCCD Staff will develop 3 videos that will focus on dryland wheat farming and farmer to farmer communication in relation to climate change.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Seek funding to develop videos. ▪ Conduct outreach activities using District and community resources.

Priority: Information and Education

Measurable Goal: Continued to sponsor Wheat Week

Milestones	Timeline	12 Month Actions
Continue to sponsor Wheat Week in Douglas County.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Seek funding to continue Wheat Week in Douglas County.

Priority: District Operations

Measurable Goal: By 2019, 75% of grant applications are funded to implement the District long range plan.

Milestones	Timeline	12 Month Actions
Identify funding sources that align to District priorities.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Develop grant source database for grants identified that match District goals and activities.
Develop projects that align with District priorities.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Work within funding sources to develop new projects that implement conservation priority practices ▪ Cultivate new and existing partnerships to identify and implement joint priority projects
Apply for grant funding that best fit project and District priorities.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Seek grant funding for the highest priority projects with priority given to those projects that implement the greatest number of District and partner priorities possible.

Priority: District Operations

Measurable Goal: By 2019, 1/3 of funding will come from federal grants, 1/3 of funding will come from state, and 1/3 of funding will come from private/local.

Milestones	Timeline	12 Month Actions
By 2015, develop grant application policies and procedures.	July 2014– January 2019	<ul style="list-style-type: none"> ▪ Collect similar policies from other conservation districts and partner agencies where available. ▪ Board and staff work together to formulate policies based upon current and identified best practices.
Conduct quarterly grant strategy staff meetings.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Staff organize and conduct meetings and invite supervisors to attend as they are available.
Funding sources are fully spent & completed on time.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Staff work together to strategically organize staff time and workload to ensure projects are fully spent and complete.

Priority: District Operations

Measurable Goal: By 2015, secure equipment that best meets current program needs and reflects conservation values.

Milestones	Timeline	12 Month Actions
Prioritize equipment replacement needs.	July 2014 to June 2019	Evaluate equipment needs and develop a replacement plan and identify funding needs to fully implement the plan.

Priority: District Operations

Measurable Goal: By 2017, have 3 engaged Associate Supervisors or cooperator volunteers that attend 50% of District Board meetings.

Milestones	Timeline	12 Month Actions
Develop supervisor recruitment plan.	July 2014 – June 2015	<ul style="list-style-type: none"> ▪ District Board and staff work with key cooperators to development recruitment plan.
Contact 6 cooperators about becoming an Associate Supervisor.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Contact local land managers about becoming more involved with FCCD.
3 cooperators apply to be Associate Supervisors.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Contact local land managers about becoming more involved with FCCD.
Provide necessary training and meeting opportunities to develop knowledge and skills for position.	July 2014 – June 2019	<ul style="list-style-type: none"> ▪ Seek and provide key training and networking opportunities for board members.

Priority: District Operations**Measurable Goal: By 2015, develop training program for FCCD staff and supervisors.**

Milestones	Timeline	12 Month Actions
Maintain update employee training plans.	July 2014 – June 2019	Evaluate training needs based upon current capabilities of staff compared to technical proficiencies needed to implement District priorities. Staff work collaboratively to develop individual and total staff training plans that position district staff to provide priority conservation assistance.
Board actively engages staff in long range and project planning.	June 2014 – July 2019	Staff actively participate in long range and annual planning activities.
Provide necessary training and meeting opportunities to develop knowledge and skills for position.	July 2014 – June 2019	Seek and provide key training and networking opportunities for staff members.

Priority: District Operations**Measurable Goal: By 2017, FCCD will routinely identify a key source of natural resource information and assistance**

Milestones	Timeline	12 Month Actions
By 2015, develop a GIS Linked cooperator database,	July 2014 – December 2015	<ul style="list-style-type: none"> ▪ Seek funding to implement district operations activities. ▪ Evaluate ways to minimize data entry time and maximize output for the benefit of the District and public.
By 2017, conduct an inventory of natural resource status and trends,	June 2014 – July 2018	<ul style="list-style-type: none"> ▪ Seek funding to implement district operations activities. ▪ Identify data gaps. ▪ Begin collecting information and enter data into GIS database.

Staffing Needs

- *Maintain the following current positions:*
 - *District Manager*
 - *District Treasurer*
- *Add the following positions or responsibilities (same position may have multiple abilities):*
 - *2 Resource Technicians*
 - *Possible additions of 1 GIS & 1 Education/Outreach*

Key Decision Makers

- *The first and most important key decision maker is the landowner or land manager. Their management decisions affect the condition of natural resources on a daily basis. There are a multitude of other key decision makers who can affect regulations governing land management and resources and sources to establish and maintain technical and financial assistance programs in Northern Douglas County. They are as follows:*

Local

- *Commissioner Steve Jenkins, Douglas County, Douglas County Court House, Commissioner Chambers, PO Box 747, Waterville, WA 98858*
- *Commissioner Dale Snyder, Douglas County, Douglas County Court House, Commissioner Chambers, PO Box 747, Waterville, WA 98858*
- *Commissioner Ken Stanton, Douglas County, Douglas County Court House, Commissioner Chambers, PO Box 747, Waterville, WA 98858*
- *Mayor Marilyn Lynn, City of Bridgeport, PO Box 640, Bridgeport, WA 98813*
- *Mayor Tom Snell, City of Mansfield, 26 Main St., PO Box 218, WA 98830*

State

- *Representative Brad Hawkins, 12th Legislative District 122G Legislative Bldg., PO Box 40600, Olympia WA 98504-0600*
- *Representative Cary Condotta, 12th Legislative Bldg., PO Box 40600 Olympia WA 98504-0600*
- *Senator Linda Evans-Parlette, 12th Legislative Bldg., PO Box 40412, Olympia WA 98504-0412*
- *Governor Jay Inslee, Office of the Governor, PO Box 40002, Olympia WA 98504*
- *Maia D. Bellon, Director of Ecology, PO Box 47600, Olympia WA 98504-7600*
- *Phil Anderson, Director, Washington Department of Fish & Wildlife, 600 Capitol Way N., Olympia, WA 98501*
- *Bud Hover, Director, Washington Department of Agriculture, PO Box 42560, Olympia WA 98504-2560*
- *Mark Clark, Executive Director, Washington Conservation Commission, PO Box 47721, Olympia WA 98504-7721*
- *Peter Goldmark, Commissioner of Public Lands, Department of Natural Resources, PO Box 47001, Olympia, WA 98504-7001*

- *Roylene Rides at the Door, State Conservationist, Natural Resources Conservation Service, 316 W. Boone Ave., Suite 450, Spokane, WA 99201*
- *Judy Olson, State Executive Director, Farm Service Agency, 316 W. Boone Ave., Suite 568, Spokane, WA 99201-2350*
- *William Stelle, Regional Administrator, NOAA National Marine Fisheries Service - NW Region, 7600 Sand Point Way NE, Seattle WA 98115*
- *Colonel Anthony Wright, Seattle District, U.S. Army Corps of Engineers, 4735 E. Marginal Way South, Seattle, Washington 98134*
- *Robyn Thorson, Regional Director, US Fish & Wildlife Service, 911 NE 11th Ave, Portland, OR 97232*
- *Dennis J. McLerran Regional Administrator, Region 10, Environmental Protection Agency, 1200 6th Avenue, Seattle WA 98101*
- *Phil Rockefeller, Washington Council member, Northwest Power and Conservation Council, 924 Capitol Way S, Suite 105, Olympia WA 98501*
- *Bill Drummond, Administrator, Bonneville Power Administration, P.O. Box 3621, Portland, OR 97208-3621*

National

- *U.S. Representative Doc Hastings, 4th Congressional District, 1323 Longworth House Office Building, Washington, DC 20515-4704*
- *Senator Maria Cantwell, US Congress, 717 Hart Senate Office Bldg Washington, DC 20510*
- *Senator Patty Murray US Congress, 173 Russell Senate Office Building Washington, D.C. 20510*
- *President Barack Obama, The White House, 1600 Pennsylvania Avenue NW, Washington, DC 20500*

Regional

Washington Conservation Districts assisting land managers with their conservation choices
