Insert a map of the tour area and stops. Include numbered place markers at each tour stop to correspond with descriptions below.

Inserting your map image into the placeholder:

- Mouseover the yellow space until you see a picture placeholder appear—click on the center icon. *Note: Picture placeholders don't show up until you mouseover them*
- Next to “From a File” click “Browse” to locate your map and then click “Insert”
- If your map overfills the frame, click on the image, go to your top toolbar ribbon and click on “Picture tools: Format” and then click on “Fit” (in Crop menu).

Enter names of each tour stop in order.

Under each tour stop title, provide a few bullets of information about the project(s) your district completed there. Consider a bullet each for the problem statement, landowner and natural resource goals, challenges, solution, and/or other key partners.

Insert CD contact info

Continue tour stop descriptions, or add more photos / information here if you don't have more tour stops.
