Mission of the Asotin County Conservation District

- *"To advocate, educate and assist people in responsible land management and agricultural practices that conserve and improve air, soil and water quality and fish and wildlife habitat for present and future generations."*

Natural Resource Priorities and Goals:

Work in watersheds throughout Asotin County that address factors limiting ESA listed species. (steelhead, spring chinook, fall chinook, bull trout)

- Upland – Decrease sedimentation delivered to streams and improve water quality through upland practices.
- Riparian – Improve riparian areas through tree planting, riparian fencing and off stream water developments.
- Livestock – Improve heavy use and feeding areas associated with streams through fencing, tree planting, nutrient management and off stream water developments. Improve rangelands through managed grazing, fencing and water developments for better grazing distribution and noxious weed management.
- Instream – Complete instream projects to improve fisheries habitat and implement post project tree planting to develop shading in project area.
- Forestry – Promote protection and restoration of functioning forest habitat by replacing culverts, reducing sediments from roads and supporting RMAP activities. Participate in the CWPP, Fire Wise, complete home assessments and complete fuel reduction and forest health projects.
- Monitoring – Evaluate progress and success of projects, water quality and endangered species.
- Noxious Weed Management – Decrease noxious weed populations throughout the entire county.

Information – Education Priorities and Goals:

Promote an awareness and importance of the District and NRCS' role in handling local resource issues and instill a conservation ethic with county producers, youth and others.

- Hold tours emphasizing upland BMPs, stream work, feedlot improvement projects, CREP or other USDA/District programs completed in Asotin County.
- Provide growers with information promoting wise use of natural resources & conservation practices, availability of programs, upcoming events, introduction of new conservation techniques, and reporting on accomplishments made by the District and growers through newsletters, ACCD website, WSCC Facebook, and articles in newspaper or TV/media coverage.
- ACCD is in the process of transitioning newsletter to electronic availability and creating and expanding existing email list to provide landowners with immediate notifications and updates.

- Hold an annual meeting and board supervisor election to update producers and interested citizens on current conservation
 - Provide financial support to Franklin CD for Wheat Week Program in Asotin County Elementary Schools.
 - Involve students in natural resource restoration projects if projects become available.
 - Provide education days to Asotin County students regarding conservation practices, sustainability of natural resources, and watershed protection and enhancement.
 - Provide continued support to classrooms with fish-rearing aquariums – Salmon in the Classroom.
 - Continue the Envirothon competition to involve local students and teachers. Provide necessary coordination with the goal that at least two teams from Asotin County compete in a local and/or regional contest with one team progressing onto the state contest.
 - Attend training sessions to increase the skills of employees.
 - Attend local committee meetings for County Commissioners, Asotin City Council, Clarkston City Council, Clarkston PUD, Asotin County Wheat Grower's, Cattlemen's, Weed Board, Nez Perce Tribe and other groups as needed.
 - Annual District Tree Sale
-
