January 17, 2018**

December 27, 2017

On behalf of the Lewis County Conservation District Board of Supervisors, I would like to invite you to participate in a field tour featuring District projects in Lewis County on Wednesday, January 17, 2018. This tour is being held prior to the Washington State Conservation Commission (WSCC) meeting, which will be held on Thursday, January 18 at the Veterans Memorial Museum.

This is an excellent opportunity for you to learn more about Lewis County Conservation District projects and to interact with WSCC members from across the state who will be participating in the tour. This will not only help participants gain a statewide perspective of conservation districts but also detail specific issues in Lewis County that may be relevant in other areas of the state.

The tour will start in Chehalis at the Holiday Inn Express just off of Interstate 5 at exit 77 at 2:00. The bus will travel west to the Adna grange where we will have a virtual tour of projects that participants will be seeing. The tour will be looking at numerous sites the district has assisted landowners with along Bunker Road. We will stop at two locations, a dairy farm to see a pad and at a fish passage project. Discussion will include how the district assists multiple landowners for the protection and restoration of our natural resources. The bus will return to the Adna grange around 4:40 and the Holiday Inn Express around 5:00 p.m.

The field tour will be followed by a no-host interactive dinner meeting with the Conservation Commission members and staff at the Riverside Golf Course Restaurant (1451 NW Airport Road) from 5:30 to 7:30 p.m. The fee for dinner will be approximately \$25.00.

We hope that you and/or a member of your organization will be able to participate in this tour and dinner. To help us plan transportation and dinner arrangements, we would appreciate your confirmation by January 11th. Please contact Bob Amrine at (360)-748-0083 X115 or email him at bob.amrine@wa.usda.gov.

Best regards,

Bob Amrine
