Re: Conservation Practice Exemptions for Conservation District
Log No: 082615-17-WSCC

Dear Mr. Clark:

Thank you for contacting our department pursuant to Executive Order 0505. We have reviewed the information you provided for the proposed Conservation Practice Exemptions for Conservation Districts across Washington.

We concur with your determination of No cultural resources impacts for the proposed practices as listed in the attached table.

In the event that archaeological or historic materials are discovered during project activities, work in the immediate vicinity must stop, the area secured, and the tribes' cultural departments and this department notified.

We would appreciate receiving any correspondence or comments from concerned tribes or other parties that you receive as you consult under the requirements of Executive Order 0505.

These comments are based on the information available at the time of this review and on the behalf of the State Historic Preservation Officer in conformance with Executive Order 0505. Should additional information become available, our assessment may be revised. Thank you for the opportunity to comment and a copy of these comments should be included in subsequent environmental documents.

Sincerely,
